BOGA RAKESH

Balanagar, Hyderabad, Telangana | +91-9059816219 | rakeshboga0722@gmail.com | LinkedIn Profile | GitHub | Portfolio

EDUCATION

St. Peter's Engineering College, Hyderabad *Graduation --- May 2028*
B.Tech in Computer Science and Engineering (AI & ML) | CGPA: 7.2/10
Relevant Coursework: Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, OOP

EXPERIENCE

***Ni-MSME** – AI & ML Jr Telecom Data Analyst --- Oct 2025 – Feb 2026*
On-site/ Yousufguda neighborhood of Hyderabad.

- **Data Preparation:** Cleaning, formatting, and labelling raw telecom logs and usage data.
- using [Python, Pandas, NumPy], And Google Colab.
- Analysed historical financial datasets and built machine learning models in Google Colab to predict stock price movements based on technical indicators.

Front End Development Intern --- *Jun 2025 – Jul 2025*

- Leveraged HTML, CSS, and JavaScript to design and deploy key user interfaces for a small-scale web application
- expanding foundational knowledge by 50% across HTML, CSS, JavaScript, and React ecosystems.

PROJECTS

FlashMind | Tech Stack (Python, React, TypeScript) --- *Feb 2026*

- Built a full-stack AI learning platform using React, TypeScript, Ant Design, and FastAPI that converts PDFs, images, text, and voice notes into flashcards, quizzes, and progress dashboards.
- powered by Ollama, enabling local LLM-based flashcard generation, quiz creation, and explanations without paid external APIs.
- Link: github.com/Raky2007/FlashMind

VariFact AI| Tech Stack (React, Node.js, Express, TypeScript, Gemini API) --- *March 2026*

- Built a conversational data analytics dashboard that lets users upload CSV/XLSX files, preview dataset schema, switch between datasets, and ask questions in plain English to get instant insights.
- Integrated Gemini-powered analysis that improved insight generation speed by 50%, converting natural-language prompts into chart, table, and text outputs with automatic Recharts visualization and CSV export.
- Link: github.com/Raky2007/GeeksForGeeks-dataset-project

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, C, MySQL, HTML, CSS
Frameworks/Libraries: React, Tailwind CSS, Spring Boot(basics)
Tools/Platforms: Git/GitHub, VS Code, IntelliJ IDEA
Concepts: Data Structures & Algorithms, OOP, Computer networks (basics)

ACHIEVEMENTS & EXTRACURRICULAR

- Won 1st Place at the GeeksforGeeks hackathon, built an AI-powered data dashboard in 3 hours.
- Microsoft Certified: Foundations of Generative AI
- Led and managed a technical event for 700+ participants, independently maintaining the central operational dashboard to monitor registrations
